

Quality. Strength. Since 1969.

JOB OPENING:

DATO: 30.01.2024

Project Manager DS Offices

For our Albertslund Office we are looking for a Project Manager with relevant experience in the construction industry.

DS Flexhal is expanding its business in the Office building sector. DS Flexhal creates high-quality building solutions, both technically and functionally as well as economically, always with the customer's needs at the centre. You will work in an international team, with your working area on construction sites with a base in our Albertslund Office.

Your next job

- Leading the project team incl. the site management team, design team and external consultants
- Coordination and supervision of the construction of turnkey offices and commercial buildings
- Qualified client support and coordination with authorities and specialist engineers
- Technical clarification and contracting of subcontractor services
- Economic and technical responsibility for projects
- Leading the team to a successful handover with the client
- Review project information in regards to sustainability (DGNB, BREEAM)
- Opportunities for personal and professional development in a committed, dynamic and international team.

Your profile

- You are educated as an engineer or designer and have a solid understanding of construction processes and technology.
- You have several years of experience in construction or project management of turnkey office and commercial properties.
- You can develop and manage projects with a focus on quality, safety, time and budget.
- You have profound knowledge in the areas of calculation, ABT18, ABR18, AB18, design, contracting and construction management.
- You have the ability to communicate clearly and effectively with project teams and business partners.

- You work independent and in a structured way.
- You are interested in sustainability and open for new technologies.
- You have oral and written communication skills in English and Danish.

At the company you are offered

As a turnkey contractor, DS Flexhal realises all types of commercial buildings. Over the years, we have developed a high level of expertise - especially in large warehouse and logistics buildings. DS Flexhal is a successful project and process-oriented organisation, where the important point is a team of dedicated and experienced employees with skills in all phases of construction - from idea development, design, dimensioning and pricing to managing finances and the construction process through efficient and professional project management.

DS Flexhal has its head office in Hobro in Central Jutland and branch offices in Aarhus and Albertslund

DS Flexhal is an attractive company that can offer the right candidate

- An attractive salary that matches your competences.
- Passionate, international team.
- Great professional and personal development opportunities.
- Permanent employment in a company with a proven track record of solid earnings and future growth.
- A team-orientated company and a well-functioning workplace.
- Start Q3 2024.
